

environeat

The Enviro^{neat} suite of commercial office furniture combine form and function in a range which is stylish, versatile and environmentally sensitive. Suitable for both the modern and traditional office space, the products are available in a designer palette of colours and finishes.

The Enviro^{neat} furniture range is Australian Made using Australian materials. Manufacturing centres are located in our major capital cities, providing you with quick and reliable product supply and installation across Australia. Wherever possible, partner products included in the range are either carbon neutral or environmentally rated. GECA certification is available. Environmental stewardship is offered on the entire range where items no longer required are able to be recycled as appropriate.

A space planning design service is available with purchases from this range and a custom furniture design service is available where we will tailor the product finish, features, and dimensions to suit your specific requirements. Bespoke pieces are also available. Please consult with your Enviro^{neat} representative for more information on these services.

The Environeat suite of commercial office furniture is available in a range of colours and finishes.

The Environeat base Range of workstations: Table tops constructed from MDF with a white Laminex top and silver trim. Aluminium EN frames powdercoated in a precious silver pearl finish. Screens constructed from MDF with foam backed fabric (choice of 6 colours) and an aluminium frame.

Our preferred fabric suppliers are Rim Fabrics and Woven Image.

The Environeat Base Range of desks and tables: Table tops constructed from MDF with a Laminex top (choice of 6 finishes with either matching or silver trim). Aluminium EN frames powdercoated in a precious silver pearl finish. UR Meeting table base chrome with polished aluminium feet or black powdercoat with polished aluminium feet. H Table base powdercoated steel.
